Just a quick note- we decided to postpone this meeting to January when we can get a some more people in the room. I'll be in touch about dates.

Best,

Nate

Kati,

I just spoke with Lorena and she is having some car problems and will need to push it back to 2 pm. Would that work for you?

Another alternative is to reschedule this meeting for a time in January when David and/or Jacob can also attend. Lorena and I are happy to still meet today, but just putting that out there.

Nathan,

Just to let you know, I'm not able to attend today. Apologies - we have many pressing items in the office currently. You are in good hands with Kati, and I'll look forward to catching up on the results of the meeting.

Thanks,
Jacob

Just a quick reminder to everyone that I still have a 1 pm meeting here at San Pedro on the calendar! FYI- our Director of Economic Development David Roberts was under the weather when we spoke yesterday, and he'll probably have to sit this one out.

See you soon,

-Nate

Hi everyone,

I sent out an invite yesterday for Dec. 15 at 1 pm in San Pedro to discuss the slow zone pilot that the Civic Projects groups is exploring in downtown San Pedro.

The projects is funded by the South Bay COG, and Kati (of Civic Projects) has expressed interest in better understanding future economic development in the downtown area so future infrastructure improvements can work in coordination with where pedestrian (and other slower mode) activity is occurring.

I believe that date/time works for everyone- let me know if it does not or if you have other questions.

Best,

Nate
